To Whom It May Concern,

I would like to offer my personal recommendation of Bennett's Communications for all telephone systems installations and wiring. I have found Mr. Bennett and his staff to be extremely knowledgeable and very dependable. Our institution was able to realize a significant cost savings in contracting with Bennett's Communications.

In addition, they were able to accommodate a very tight schedule in moving and reinstalling our equipment during our recent move. We closed our old office on Friday at 5:00 pm and were fully operational at 8:00 am Monday morning with no loss of service to our members. This is significant when you consider that Mr. Bennett and his staff had to work around furniture movers, computer technicians, and several other contractors who were trying to complete last minute items.

I have found them to be very honest and cooperative in all business dealings. They have certainly gone the extra mile for us. We would definitely use Bennett's Communications again in the future and highly recommend them. If you have any questions, please feel free to contact me directly.

Sincerely,

Sharon M. Hollis
Operations/Accounting Manager
